Indian Outrages Between Forts Larned and Fetterman—The Council at Cheyenne Lake in April.

Special Dispatch to The Chicago Tribune.

OMAHA, April 7.

A Laramie letter confirms the reported Indian depredations in the past few days. Several ranches have been burned down between Forts Laramie and Fetterman. The settlers have all gone to the forts for protection. In one instance seven soldiers had a fight with sixty Indians near Fetterman, and killed one and wounded two. The Indians finally succeeded in getting away with the horses, but the failure allowing the latter to escape. The Sioux Commissioners will not meet the Indians at Cheyenne Lake in April, as stated.

At last accounts the Commissioners did not expect the Council to open before the latter part of April.

At the Central City, Colorado, municipal election the Republican ticket was elected over the Democratic by 200 majority.

Proceedings in the Senate of a Bill Regarding the Qualifications of Jurors.

Important Communication from the Commissioner of Indian Affairs.

Special Dispatch to The Chicago Tribune.

WASHINGTON, April 8.

THE IMPEACHMENT TRIAL.

The Senate was crowded to-day in the expectation that the trial would be resumed by the Managers, if they so desired, on the question of admitting the testimony of Judge Curtis and Mr. Evarts. The court-room, however, presented principally a deserted appearance, but dwelling principally upon the fact that the trial would be resumed to-day, it was devoted to three. The reporters' desks, however, were filled, as every written one of the trial was expected. It did not, however, transpire, the counsel will commence their opening on Friday, and expect to occupy two days, unless objections are made by parties, and arguments thereon delays further proceedings. It is understood that the evidence to be submitted the case will be confined to a few points, and it is believed that this will not take very long. It is expected by some members of the Senate that the trial will not last more than a week, but others are of the opinion that it will occupy a much longer time. The Senate will probably sit from ten o'clock A.M. to five P.M. each day, with an hour's recess for lunch.
